Thank you for choosing to #runAkron!
Final instructions and a detailed Team Relay Guide will be available closer to race day.

Registration Questions

Relay Changes

Relay changes can be completed from the [Akron Marathon registration page](#). Click on the "Transfer" button and log into your Race Roster account, click "Transfer to a New Participant". Please note the NEW participant will pay a \$10 transfer fee. The original participant will NOT receive a refund. The exchange of monies is between the original participant and the new participant.

Incomplete Teams

The relay team must be complete & have 5 registered participants on the team to participate. Only complete teams will be able to pick up their packets.

Assigning Legs

Each member of the team should know which leg they are completing. However, you do NOT need to register for a specific relay leg. You can make switches at any time without notifying race officials. The timing chip located on your bib will keep track of each relay leg time and the team total.

Helpful Tips for Assigning Legs

In the next section, the relay legs are ranked in order from easiest to hardest with a brief description of each leg. This is designed to help each participant choose which leg is best for them.

Easiest

Relay Leg 3

- Distance: 4.7 miles
- Total elevation gain: 120 feet.

This relay leg is classified as the easiest leg and best for a team member new to participating in racing events. This leg is relatively flat or downhill. Most of the leg is on the Towpath Trail. There is one uphill section near the finish of this relay leg.

Relay Leg 2

- Distance: 5.7 miles
- Total elevation gain: 135 feet.

Relay leg 2 members will experience the University of Akron Campus, the All-America Bridge, and North Hill.

Relay Leg 5

- Distance: 4.5 miles
- Total elevation gain: 190 feet.

Those completing this relay leg will experience Stan Hywet, Highland Square, and the Finish Line! There is a climb up Garman Hill shortly after the start, but after Garman, the course is mostly flat or downhill.

Relay Leg 4

- Distance: 4.3 miles
- Total elevation gain: 280 feet.

Although this leg is shorter, it has the most elevation gain. Participants travel through Sand Run Parkway and partake in the neighborhood block parties along Overwood and Wiltshire.

Relay Leg 1

- Distance: 7 miles
- Total elevation gain: 280 feet.

This leg should go to the most experienced participant on the team. This leg will travel the longest distance accompanied by rolling elevation changes. This leg gets to experience the energy at the Start Line, Firestone Park, and finish near the University of Akron's InfoCision Stadium.

RACE INFORMATION

Health and Fitness Expo

All participants MUST pick up their packets on Friday, September 26, 2025. The packet includes a drawstring bag and race bib with timing device. Shirts are located at the end of the Expo Hall. Each participant should pick up their own packet. There is NO packet pick up the day of the race. If you are unable to attend, race packets may be picked up by a friend or family member who must verify the participant's registration information.

Relay Slap Bracelet

The first relay leg will be given a slap bracelet to be worn on the wrist. The participant completing the first leg must pick up a slap bracelet at the Relay Registration Area at the Expo. If you forget or lose your bracelet there will be extra available at the Start Line Information Booth. At each Relay Exchange Zone, the incoming relay leg will pass the slap bracelet to their team member. No relay member can leave for their relay leg without wearing the slap bracelet. The final team member must have the slap bracelet at the Finish Line to qualify for team awards.

Timing

There is a unique timing chip in each relay bib. If your bib comes close to a timing mat a "read" will occur. The following will result in errors and/or delays with your team's results:

1. Two team bibs on the course at same time.
2. Crossing any timing mat, other than at the finish of your relay leg.
3. Multiple team members crossing the finish line. *This is discouraged as it causes timing errors and increases congestion in the finish chute.
4. A participant falls behind the SAG (end of race vehicle)

Course

The 5-Person Team Relay will follow the Full Marathon route. Be sure to follow signage at mile 12.5 where the Half Marathon splits off from the full/relay course.

Course Closure

The course will remain open for 6.5 hours and will close on a continuous pace of 15:00 min/mile. Relay teams need to be at the split at mile 12.5 by 10:15 a.m. to continue on to the full course. Anyone who cannot maintain the pace requirements must move to the sidewalk or catch the SAG bus as the course will re-open and allow vehicular traffic through. Services along the course cannot be guaranteed for participants beyond the stated pace requirements.

New Finish Line Location!

The newly renovated Lock 3, with its green grass and large stage, will be the perfect location to celebrate with friends post-race.

Relay participants are encouraged to meet up at the Finisher Festival after your leg of the relay.

As you enter the festival, there will be an Information Booth, merchandise tent, medal engraving, and restrooms. You can redeem your drink and food tickets.

Enjoy the live band, yard games, food trucks, and post-race celebration!

Series Participants

Series participants can pick up their series medal rack located with the shirts at the end of the expo hall.

At the finish line, series participants will be awarded a series medal. Relay leg 5, who are series participants, will get their series medal just after the race medal in the finish line chute. Relay members completing legs 1-4 can pick up their series medal at the Information Booth inside in the Finisher Festival.

Arriving at the Exchange Zone

Once you arrive at your Relay Exchange Zone, take time to familiarize yourself with the corrals, visit the restrooms, and prepare for your leg of the relay. When your team member is approximately 10 minutes from the Exchange Zone, please proceed to the numerical staging area, based on your bib number (all five team members have the same bib number). Spotters will be calling out the last three numbers on your bib as your teammate approaches the exchange zone. PLEASE KNOW YOUR BIB NUMBER. Once your bib number is called please move to the front row of your corral to meet your teammate and start your leg of the relay. Make sure you take the team's slap bracelet from your teammate before you leave the exchange zone. There will be bottled water available for participants both starting and finishing at each exchange zone.

Exchange Zone Procedures

As you finish your leg of the relay, you will be directed to run over a timing mat. Continue for a short distance beyond the timing mat where race volunteers will assist you in finding your teammate. Upon finding your teammate, pass the slap bracelet, and clear the racecourse. Finishing participants will receive their medal at the Relay Exchange Zone and can head to Lock 3 for the Finisher Festival. Relay leg 5 will finish on Main St. at Lock 3 and receive their medal before entering the Finisher Festival.

Security

Backpacks are highly discouraged and all bags are subject to be searched in all race areas along the course. The Start Line and Finish Line will have "athlete only" areas. Non-participants will not be permitted in these areas which include the start line corrals and the finisher's chute at the finish line. NO FAMILY RUN-IN AT FINISH LINE - Only athletes are permitted on the racecourse, including crossing the finish line. This is for the safety of all athletes, spectators, and race officials.

Race Day Questions

Running multiple legs or events?

A member of a Relay Team can complete two-consecutive relay legs; the team must be paid in full. The person completing two legs must register & pay for both legs. On race day, you only need to wear one relay bib.

On race day, wear both bibs. When approaching the first Exchange Zone, follow the relay signs, cross over the timing mat, find the next team member, transfer the slap bracelet, then continue on. At the Expo, pick up both packets and the relay slap bracelet.

Relay medals are available at the Information Booth Inside the Finisher Festival for those completing multiple legs or events.
